

DAVINCI

SCHOOL FOR SCIENCE & THE ARTS

May 18, 2021

Dear Da Vinci Parents and Guardians,

As we had mentioned in our previous letter, our superintendent Dr. Gonzales was able to work with El Paso County Emergency Services for our school to serve as a Vaccination Clinic Host. We are happy to announce that this clinic will be held **Thursday, May 20, 2021, from 5:00 PM-7:00 PM at DaVinci School for Science and the Arts Auditorium**. Vaccines will only be administered to those that are **12 years of age or older**.

We strongly encourage our community to take advantage of this great opportunity. Our first priority is for students and parents that will be participating in prom/graduation events but again is open for all of our eligible community members.

- Parking will not be available inside the gates. Participants must park outside the gates and enter through the pedestrian gate located on Southwestern.
- A parent/guardian/sponsor must accompany participants under the age of 18 to be able to receive the vaccine.
- The Pfizer vaccine will be provided **ONLY** to participants under the age of 18. The Moderna vaccine will be provided to all adults.

If you are interested in this opportunity, please contact Ms. Taylor Glenn at tglenn@burnhamwood.org and let her know if you or any other family members will be participating. **In the email, please include the Name and Age** of anyone wanting to participate **NO later than 12:00 PM on Thursday** in order to sign up.

Thank you,

Alexandro Medina
Principal
