I feel as though the Da Vinci tournament was very well organized and it ran very smoothly. Games were set up on time and ran very fairly for all teams involved. Most of the refs were fair and courteous. The atmosphere was fun and competitive. Overall, I believe the tournament to be a huge success. I would very much like to do another tournament with Da Vinci in the future- *Coach Higgs; St. Marks' Athletics Director*

Great satisfaction was gained, as the heart felt gratitude and appreciation poured from the officials and coaches towards us, for the hospitality shown towards them. Amongst many compliments, they expressed how they have never been treated this well, and how they appreciated us taking the time to sit, converse and get to know them on an individual level. *Yesenia Alvarado; Parent Volunteer*
