Seniors begin prepare for the SAT. Apply Texas and FAFSA

UPCOMING EVENTS

Jean Day, Robotics kickoff, Chinese classes Athletics

SCHOOL UPDATES

Dear Da Vinci Family,

The first eight weeks have flown by and much was accomplished by our scholars, faculty and staff.

We have welcomed Ms. Montes Anchondo to our school administration, Ms. Montes Anchondo has been a part of the DV family in a teacher role and now she will assist in leading the students and faculty as an Assistant Principal. Her teaching experience, passion and community knowledge are a few characteristics that make her a great team member.

Our portables are set and in the final stage of being occupied. This will provide four additional classrooms and will also serve as our Robotics Center. As Da Vinci continues to experience growth we will maintain our students' needs as our priority.

COUNSELORS' CORNER

*Ms. Hernandez - 9th = 12th grade
Ms. Vaughn 6th = 8th grade*

This month our counselors will be working closely with the Seniors.

Middle School

Ms. Vaughn will visit classes to provide Social Emotional Lessons to our middle school students.

DA VINCI

Academics

Our Beginning of Year exams provided great information regarding the learning gaps our students may have. The data is helping guide our classroom instruction and content tutoring.

Under the leadership of Dr. Gonzales, our superintendent, our district is offering Prescriptive Tutoring. This tutoring addresses our students that did not take or met the passing state exam standard. We have over 50 tutors that are available to provide the support at various times throughout the day.

If you and your child have been contacted by your assigned tutor, please do not hesitate in setting tutoring sessions. Our partnership can promote success for our students.
