

# Howard Burnham Elementary October Newsletter

October 2020

## Principal's Message

Thank you to our teachers and staff for continuing the focus on student success. We also want to thank our parents and school community for supporting our school goals. Together we can help our students at Howard Burnham Elementary become lifelong learners.

I am proud to announce that our parent teacher conferences were well attended. We know that kids and teens do better in school when parents get involved. Attending parent-teacher conferences is one of the many ways to be involved in your child's education. The conferences are crucial in allowing parents and teachers to exchange information about your children so that they can be more successful in school. Once again, I commend you for your dedicated support and involvement.

We will be providing more opportunities for you to participate in your child's schooling. We look forward to working with you!
