Principal's Message

Thank you to our teachers and staff for continuing the focus on student success. We also want to thank our parents and school community for supporting our school goals. I am proud to announce that our parent teacher conferences were well attended. Thank you all for attending!

Just a reminder that attendance is also an important key to student success. Teachers can't teach to an empty chair and students don't learn if they aren't here. Please help us in setting those expectations to our students by bringing them to school every day. It is also important that you get them to school on time. Students are expected to be in their classroom by 7:45 AM.

We continue to look forward to working with you! Please let us know if we can assist in any way.

Martha Franco,
